

The University Club

June 1, 2021

To our University Club family:

We are saddened to announce The University Club's continued closure through the summer. Although COVID-19 protocols are allowing for looser restrictions, we found it would be difficult to operate in a fiscally responsible manner through the summer. As many of you are aware, the summer traditionally is our slowest time of the year.

We will continue to reconfigure our operational processes. This will take time, but we will keep you updated once this has been finalized. We are hopeful for a reopening sometime during the fall semester.

As in prior months, we will not charge dues during this closure. We are forever grateful for your continued support and patience.

Please direct any questions to Club Director, Matt Stroud, at mastroud@ches.ua.edu or 205-348-4843 or Events and Membership Coordinator, Angelique Crawford, at ucevents@uclub.ua.edu or 205-348-4849.

Sincerely,

The University Club
